# Automated Information Systems

**“Given the potential joint nature of Automated Information Systems all AIS MNS/ORDs will be submitted through the Joint Staff J8 to determine if JROC review is warranted.”**

# AIS PROCESS

# Addressing Cost in ORD

## Program Affordability

- Cost will be addressed in the ORD.
- Inclusion of cost allows DOD component sponsor to emphasize affordability early in the proposed program.
- Cost figure should be stated in terms of a threshold and Objective (not necessarily a KPP).
- The cost figure should provide flexibility to allow for program evolution and CAIV trade studies.
- DOD component sponsor may make cost a KPP if it desires and identify the cost it wishes to evaluate.

# Program Affordability

CJCSI 3170.01A

"Program Affordability. Cost will be addressed in the ORD. Inclusion of cost allows the DOD component sponsor to emphasize affordability early in the proposed program. The cost figure should be stated in terms of a threshold and objective (not necessarily a KPP) in order to provide flexibility to allow for program evolution and CAIV trade studies. The DOD component sponsor may make cost a KPP if it desires and identify the cost it wishes to evaluate. The cost will be extracted from the ORD and included in the cost section of the APB."
